Dr. Jane E. Henney, Commissioner Food and Drug Administration 5600 Fishers Lane, HF-1 Rockville, MD 20857 May 12, 1999

Dear Commissioner Henney:

I am writing to express my opinion regarding genetically altered foods. I am concerned about the food I eat, and believe it is my right to know if the food I am purchasing has been genetically altered. Such foods may pose risks to my health and to the environment, of which we are currently unaware.

I would also like to express my support of the lawsuit recently filed challenging the F.D.A.'s policy not to require labels on transgenic foods. I believe that safety testing and prominent labeling are important and should be required.

Thank you for your consideration of my concerns.

Sincerely,

Dennis J. Lenz
